Lunchtimes Update

We have added more planks to our loose parts resources and have had a whole school assembly on using these safely and sharing creative ideas for ways to use them.

Thank you for the donations we have received after the appeal in the last lunchtimes update in January. For the next couple of weeks we are having a **whole school OPAL bingo competition** with every class working together to bring resources in to use at lunchtimes! Each class has a bingo sheet with 12 items on it and, as items are brought in to school, these are ticked off. The class that brings the most items in by **Friday 14th March** will get an extra playtime to enjoy all the lovely new items! The bingo sheets are below and have also been shared with you via Tapestry or Seesaw. Some of the items are more 'challenging' to find than others but every single thing on the bingo cards would be extremely well loved, used and appreciated! For any queries or help with dropping items off please email l.ackrel1@wiggintonprimary.co.uk
