

Lunchtimes Update

Lots of hard work and new projects happened during half term! Our caretaker, Max, built and painted these 2 fantastic new benches for the children to sit on and chat with their friends. Also, just before half term Mrs Ackrel (with some amazing helpers!) dug holes and then half buried tyres around the digging area at the far end of the field so that this ever popular area doesn't spread too far!

The children have been continuing to use the OPAL suggestion box and have thought of some lovely ideas to enhance our current provision. One excellent idea involves developing our calm area so that it can be more cosy and comfortable. To achieve this the children have requested

- Blankets
- More outdoor bean bags
- Books for older readers i.e. Years 4-6

If anyone has any of these they can donate, it would be greatly appreciated. Another popular item requested was more [hula hoops](#). The donations box is situated in the main entrance to school. Thank you.
